American Watch

Waltham, Mass.

The American Watch Company, of Waltham Mass., re-pectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adopted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts How they run under the hardest trials watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY. OFFICE OF THE GENERAL SUPERINTENDENT, ALTOONA, PA., 15 Dec. 1868. GENTLEMEN: The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable timekeepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without training than any watches recharacters ever had give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they hever kept time as correctly, nor have they done as good service, as yours, In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of

They are an entirely new style, with four full round corners, heavily carved legs and lyre, base richly moulded, and contains our latest improved scale and action. The tone is melodious, and its adaptability to passages of every shade of expression, from the softest murmers, the Crescendo, and the F F, gives the performer every advantage of the Concert Grand. Price \$500.

For Sudden Coughs, Colds, Etc., can be cured immediately, as hundreds can testify, by mixing about one teaspoonful of Perry Davis' Vegetable Pain Killer with four teaspoonsful of molasses, mixed well together, and taken as your coughing spell comes on. Three teaspoonsful of the mixture will answer for a dose. Also rub a little of the Pain Killer on the hands and inhale the scent of it into the lungs. After you have taken the medicine, bathe the throat around the collar bene, also across the upper part of the breast and down the sides, if they have been made sore by coughing, and you will soon get relief if you do not neglect it too long. The sooner this medicine is applied the more speedy the relief. In all cases, if you do not get relief in thirty minutes, take it again and bathe freely, according to directions. 2 lm

THE PUBLIC SCHOOL SYSTEM .- The fel-Spectator, and written by Rev. O. P. Fitzgerald, Superintendent of Pub. Instruction elect, may be taken as an index of the course the author intends to pursue, as Superintendent of Public Instruction of this State. He says:

Our people, representing every State in not contentedly wear any provincial straight jacket that may be provided for them. They will not sneeze when somebody away off at a distance takes snuff. We have an individuality as well as a destiny of our own,-We will not be governed by the ideas of London, Paris, Boston or Richmond. California's free young limbs will wear no imported shackles. Our cosmopolitan people will accept of nothing that is unsuited to them, let it come whence it may. Natives and foreign born, Northerners and Southerners, Catholics and Protestants, Jews and Gentiles, are all here, and all have equal rights and common interests. Can they agree on a system of public instruction that will be satisfactory to all? This is a question to be tested, and the result will determine the intelligence, the moderation and the liberality of our people. In order to succeed in this most desirable endeavor, too much must not be demanded on the one hand, nor a disposition to yield nothing be exhibited on the other. If the subject is taken hold of in an obstinate and unyielding spirit, the child is not born that will see the end of the struggle that will ensue. Now if we can contribute something towards harmonizing our people in support of a system of public schools, we shall have filled the measure of our hopes in assuming the duties of the position to which the public voice has called us. It might be assuming too much to say that we occupy a favorable stand point for the accomplishment of something in this direction. But we will say that the circumstances attending our nomiwe shall have the sympathy and charitable udgment of a majority of the people of Calfornia in the endeavor which we may make.

THE FUTURE .- Gov. elect Haight was at the formal opening of the Chamber of Commerce, the other night, and responded to the coast, "The Future of California." In so

doing he said: Look forward 20 years, with our continental railway and the tributary roads now in progress. Picture California as she will be hen- with a population of between 2,000,000 and 3,000,000—with a city on this spot of 500,000, and one of 100,000 on the opposite shore, embracing Oakland and Alameda. How long do you suppose it will be before California has as many people to the square mile as Kentucky, or Connecticut, or Massachusetts? With the same population to the square mile that Kentucky has, we would have over 5,500,000; with the same ratio that Connecticut has, we would num-ber about 19,000,000, and with the same ratio as Massachusetts, we would have about 28,000,000. The child is living, probably, that will see in California over 20,000,000 of population, and San Francisco a city of 2,000,000.

LOCAL ITEMS. SUPERVISORS.-The proceedings of the Super-

visers are published in another column. Parsonage.-Nearly \$400 has already been subscribed for the purchase of a Parsonage in this

A LARGE ONE .- On Wednesday last, Mr. J. Winans, while out hunting near Black Hawk. killed a buck which weighed over 150 pounds.

PAYING .- We learn that the Crescent mill is paying considerably more than expenses. Mr. Peard will doubtless make a good thing on his

INAUGURATION DAY .- We understand that sev-Sacramento, and will be present at the opening of the Legislature.

FOR THE SEASON. -The La Porte line of stages has made its last trip for the present season. The Saddle Train will make trips semi-occasionally, as long as the trail is free from snow.

PENNSYLVANIA LEDGE .- Mr. Aschheim has ten or twelve men at work in the Pennsylvania ledge, in Indian Valley, and we learn that he has struck some good quartz. Teams are now hauling the rock to the mill to be crushed.

RUNAWAY .- On Monday last, Mr. V. Koppel, of La Porte was thrown from his wagon and considerably injured. The horse he was driving became unmanageable, ran into the fence, upset the wagon and threw Mr. K. out.

To SACRAMENTO .- We learn that Hon. J. R. Buckbee intends to start for his winter quarters in Sacramento, on Monday next. What legislation he proposes to do for this county during the coming ses ion, we are not informed.

GOOD QUARTZ .-- On Saturday last Messrs. Hallsted & Sparks, cleaned up their mill in Granite Basin, after crushing 100 tons of quartz, and took out \$2,000-an average of about \$20 per ton. Such quartz as that is decidedly good.

PREACHING .- Divine service, Rev. T. H. Mc-Grath officiating, has been held in the Court Room on the last two Sundays, at half-past ten, a. m. and at 7 p. m. Not being posted, we cannot inform our readers whether service will be held regularly or not.

Scrip .- The County Treasurer is redeeming all warrants issued against the Co. Gen. Fund, and registered prior to August, 1867; on the Build. Fund up to May, '67; on the Road Fund to May 9th '66 : on the Ind. Sick Fund up to February,

Nor RUNNING .- The Whitney Mill at Indian Valley is not running at present. The company are still at work sinking the shaft which is now about fifty feet deep. Seams of quartz are getting numerous in the rock, and they will probably strike the main ledge in sinking a few feet more.

Nor Accepted .- The 3d and 4th sections of the La Porte and Quincy Road was not accepted | Quincy & La Porte Wagon Road Co. The by the Supervisors, for the reason that the Con- 2d Section of said road was accepted. The missioner appointed to examine it reported that | 3d and 4th sections failing to comply with the turn-outs were not frequent enough on the the requirements of the law requiring turnroad to comply with the law.

FIGHT .- A fight took place near Spring Garden Ranch, a few days since, between a couple of for Election officers: the residents of that vicinity. One of the parties hit the other over the head with an iron bar, and E H Metcalf 15, J Messner 6. N K Wright cut a deep gash. We did not learn the cause of 15, H Brown 16, S S Russell' 18, J M Daugh the 'discussion.

SCHOOL ROOM .- The Trustees of this School District have fitted up the room under the Masonic Lodge, for a school room. New desig have been put in, and the room is fitted up in firstrate style. It cost about two hundred dollars. No teacher has been engaged for the win-

No Mail.-For the first time in many months. the stage failed to bring any mail on Thursday last. Cause-the P. M. or his clerk, at Oroville. failed to get up in time to deliver the mail to the stage driver. This is the first occasion we have had for a long time to 'grumble' at the mail arrangements between Oroville and Quincy.

BELIGERENT .- A shooting affray occurred in the upper end of Paradise Valley this week, says the Humboldt Register, between M. W. Haviland (formerly a resident of Plumas) and John Ragsdale. Henry rifles were used, and although several shots were fired, nobody was hurt. The dispute grew out of the rights of the respective par- sioner. ties as lessor and lessee in Haviland's ranch. No arrests were made.

Nor Posten .- A correspondent of the Appeal whose bump of self esteem is fully developed, in writing from Sierra Valley states that "many ranches in American Valley are offered for sale at less figures than the buildings on them cost." That statement is false in every sense of the word. " Scout " had better get posted before he writes again. In speaking of the above correspondent, we may as well add that a more silly, wishywashy communication never appeared in the Ap peal. Take out the great "I" and but little would be left of it.

SPROULE DISCHARGED .- On the 14th inst. he attorney for J. R. Sproule, whose conviction by a jury in S. F. on charge of rape was published in this paper a couple of weeks since, made a motion for a new trial which was granted, and immediately afterwards the District Attorney moved to dismiss the indictment, and Sproule was discharged. Since the trial, the girl, who so positively testified that she had been outraged, has confessed to Judge Cowles that her whole story was a made up one, and that a woman who had a spite against him had instigated her to do it. Sproule pretended to have a manifestation or entiment that such would be the result of the trial and so stated at the time of his arrest.

STRUCK GRAVEL - We learn that the gentleman who has the contract for sinking the shaft, near the road between La Porte and Gibsonville, struck gravel on Saturday last. The shaft is now about procure and use a steam engine and pump to keep out the water. In sinking, the shaft passed instance, a large amount of petrified wood was found. There is no doubt that the shaft has now reached pay gravel, and that it is in the center of an old channel, and there is but little doubt near the county line, but the larger portion of you do not get relief in thirty minutes, take it again the claims are in Plumas.

BLACK HAWK .- Turner, Rice & Co., will finish cleaning up during the next week. They have an abundance of water, now, and will commence piping again as soon as they have finished cleaning up. They are fitting up their claims in good shape, and expect to take out lots of money during the next season.

A Good THING .- Ever since the National was started, the Supervisors have donated to it more of the tax-payer's money than was necessary to pay all the expenses of publishing that paper, including wages for compositors, paper, ink, fuel, lights, &c., &c. The Union party stockholders have a pretty good thing on the county funds-

STORMY.—We have had a "spell" of stormy weather during the past two weeks, for several days there was no let up, it rained incnssently and came down in torrents. All river eral of our citizens contemplate taking a trip to mining in this county has doubtless closed for the present season, as the streams were considerably swollen by the rains.

FIRES. - Several incendiary fires have occurred at and near Poverty Hill during the past two weeks. Two or three cabins have been burned and a portion of Conly & Co's flume was also set on fire, and a considerable part destroyed. No clue to the perpetrators has been obtained.

WILL EXTEND .-- Dr. Brewster informs the Butte Record that it is his intention to extend the La Porte and Quincy line of stages to Susanville in the next Spring. The Record adds : "He has the energy to push it through, and to extend it to Black Rock and Idaho should the travel require it.

MAIL LINE .- We learn that efforts will soon be made to secure the establishment of a mail route between Quincy and La Porte, -the carrying of the mail to commence as soon as the roads open in the Spring, which will probably be about the first of June next.

ADMINISTRATOR .- T. Frank Hersey, Esq., has been appointed Administrator of the Estate of Fred'k Kliehn, deceased. He has filed his bonds and has entered upon his duties as Administrator-

in this Valley, cut one of his hands so badly with an ax that three of his fingers had to be DIST. ATTORNEY .- Hiram L. Gear has received the appointment of Dist. Att'y, to fill the unex-

SAD. - A few days since a little son of Mrs. Tate

pired term occasioned by the resignation of J. R.

THANKS .- We are under obligations to J. B. Overton, Esq., Co. Clerk, for favors received du ring the past week.

'city in China,' which was perched on a fence near my window. From an adjoining room I heard 'a division of Great Britain;' and I fire, as I felt a 'division of South America.'
On going down stairs I found that 'one of the lakes of North America' had spilled a 'division of Europe' on my highly-prized 'division of Europe' on my highly-prized 'division of the lakes of North America' had spilled a 'division of Europe' on my highly-prized 'division of Eu called a 'river of South America' to make a 'city of Belgium,' while putting on the table my breakfast, consisting of a 'division of Asia,' seasoned with a 'city of South America,' also a 'cape of Massachusetts,' an 'island of Oceanica,' a 'city in France' sopped with a 'city in Ireland,' and a basket containing a 'river of Africa,' and other fruits. I paid a 'division of Africa' for my breakfast, and then asked 'one of the islands of Oceanica' for some sugar to feed 'an island of Africa,' that was hanging in my chamber."

CONCURRED.—A gentleman just returned om Bavaria, and who held a high position of a diplomatic nature there, relates the following good story: "While going through the royal picture gallery at Stutgart, accompanied by a servant, he observed two ladies of high rank, attended by a maid servant, who were gazing with critical eyes on the picture of the 'Temptation of Joseph,' Potiphar's wife being represented as a most beautiful woman. Northeast Corner Kearney and Jackso streets, San Francisco.

The Great Eradicator of Special Complaints, Formerly of Locke Hospital, London, Eight Years in Sacramento and The Last Four in San Francisco.

DR. TOZER'S experience is of forty years standing, and during that time he has met with unparalled success in the treatment of all those diseases generally known as

Venereal or Chronic. It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to manufall is Self-Abuse. The brain being the seat of the diskind is Self-Abuse. The brain being the seat/of the disease, the whole system suffers in consequence. I will there enumerate some of the symptoms, so that afflicted may be able to form an opinion in regard to their complaints, and seek advice in time, thereby saving them a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs. Headache, and an aversion Heart, Trembling of the Limbs, Headache, and an aversion Heart, Trembling of the Limbs, Hearasche, and an array of to Genial Society, especially that of Females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter and there will be no occasion for your calling at the office.

Stricture of the Urethra Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases, In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restered to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

The Old Formulas

Of Ricord, Acton and Bostwick are of little account, except to dry up the disease on the surface, leaving the poison in the blood. These facts I have learned by expeeence and think I can say without boasting, that I have een more practice in these diseases than any other phy-leian in California, dating as it does from 1849.

My Plan is Purely Vegetable, Destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

RHEUMATISM, NEURALGIA, and diseases arising from the time by the use of VEGETABLE MIXTURES, known only o myself.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palphation of the Back, Pain in the Side, Headache, Palphation of the Heart Derangement of their Monthly Sickness and all other diseases that the female system is subject to, will find prompt relief by applying at my Institute, San Francisco, corner of Kearney and Jackson streets.

Deseases Peculiar to Females, Such as Retention, Suppression and Painful Menstruction, etc., have been my study for a great number of years, and I can safely promise a perfect cure in a short time. Be not d terred from calling on DR. A CASE OF GLEET AND STRICTURE :--Dr. Doherty—Dear Sir: I feel my health o fully restored, that in common gratitude, I believe I should make some written acknowledg-ment for your valuable services—particularly so as our fee was small for the work performed. I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet. complicated with stricture. Being a stranger in this city, and believing those doctors who gave such positive assurances of success were necessarily the best (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money. I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the stric-ture is all removed, and my general health is better than it has been for years. In conclusion I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address, and call and see me, (I keep store in this city.)-My experience may save you many dollars. would also add that in the early stage of my dis ease, I used a large amount of the preparations advertised as an infallible care for Gonorhoea, Gleet, etc., but never derived any benefit from them. am, Doctor, very truly yours. SEMINAL WEAKNESS .- A sworn to certificate world; but seeing Dr. Dolerty's advertisement 1 thought I should call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty, at his office in Sadramento street, and his fee for treatment was so reasonable, I determined to try him, though I did Lot expect much benefit from his treatment. On the 5th day of December last I placed myself under his care; in one week, I found myself very much improved, and now, after five weeks treatment, I feel myself

TO FEMALES .- When a female is in trouble or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility vaginities, all diseases of the womb, hysteria, sterthey should go or write at once to the celebrated female doctor, W. K. Doherty, at his Medical Institute; and consult him about their troubles and disease. The Doctor is effecting more cures than any other Physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful suffering and premature death. All married ladies whose delicate health or other circumstances prevent an in-crease in their families, should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

TO CORRESPONDENTS .- Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred. Dr. Doherty takes this opportunity of observing that all letters are only opened and replied to by himself, and the latter as promptly as replied to by himself, and the latter as promptly as possible. If the case be fully and candidly described, personal communication will be unnecessary, as instructions for diet, regimen, and the general treatment of the cases itself, (including the remedies) will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted. Consultation—by letter or otherwise—Free. Permanent cure guaranteed or no pay. Address, no pay. Address,

MEDICAL INSTITUTE!! ESTABLISHED BY

DR. J. C. YOUNG, IN 1850. 536 Washington Street,

Below Montgomery, SAN FRANCISCO.

Consultation by letter or Otherwise, Free.

T WOULD BE EQUALLY USELESS AND UNNECESSARY to enumerate here the Diseases cured at the Institute. All classes of Complaints are treated; but I consider it my duty to mention those of a special nature, as upon such the unfeeling and irresponsible quack 'dwells, with phrases well calculated to deceive those ignorant of the emptiness his profession. First among the special complaints is SEMINAL WEAKNESS.

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer languish and dethe desire to point out to those who suffer languish and decay, the true cause of their affliction. Is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is, no one but the practical specialist who devotes his time to its treatment can tell,
but its presence can be detected by the most inexperienced
by noting the following symptoms: Weakness of the back
and limbs; languishing feelings; loss of miuscular power;
nervouness; irritability; cold feet and hands, accompanied by hot head; symptoms of consumption; short breath
flushings of the face; aversion to society; confusion of the
mind; loss of memory: nightly emissions; colorless, slight
discharges upon the least excitement; trembling; palpitation of the heart; irregular appetite; variable temper, etc.
YOUNG MAN if you experience any of the various symp. YOUNG MAN if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the slighest degree. ou have the seeds of the weakness in your system, and helr undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, abject being. It is not a disease that declares its elf at once. Therein lies its great danger; for while the patient is being treated for some supposed affection of the Heart, Lungs, Brain, or Digestive Functions, he sinks into a general-debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness.

See in the bent form and languishing steps, the poor victim of the fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye!

Drowsiness is one of the premonitory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succee It is the nature of the complaint to assume sudden chan-

It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspiration.

Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude, for the system unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hopes of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepit and degenerate.

AN UNSOLICITED

TESTIMONIAL OF CURE.

Let all who are afflicted with Seminal Weakness read the sworn-to-Certificate, first published without the Doctor's knowledge. A remarkable case.

SEMINAL WEAKNESS.—A sworn to certificate of a most remarkable cure of Spermatorrhoea—A desire to benefit humanity; and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhoea." or Seminal weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience in that year, however, I had Seminal weakness to an alarming extent, which was soon followed by the most alarming symptoms, as weakness of the back and limbs, pain symptoms, as weakness of the back and limbs, pain symptoms, as weakness of the back and limbs, pain symptoms, as weakness of the back and limbs, pain symptoms, as weakness of the back and limbs, pain symptoms of senioral weakness. My mind too, was afflicted to such an extent as to seriously impair my memory my ideas were confused and spirits depressed, I was averse to society, had evil forbodings and self-distrust and was entirely unfit for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars but in no instance obtained more than temporary relief, I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement I thought I should call and see him, as he charged nothing for consultation. I had an interview with are gone, and I feel as well as lever did. It is to DR. BENJ. F. JOSSELYN, that, under God, I owe my life; and from the gratitude I owe him, I give this, my testimony of his skill and success. If this should induce any one unfortunately afflicted with Seminal Weakness to submit their case to him, I shall feel that I have in part at least, paid the oreat debt I owe.

afflicted with Venereal: There are no maladies worse than those arising from the contamination of venereal poison. None are more terrible in their effects, or more disastrous None are more terrible in their effects, or more disastrous in their results. After upwards of twenty years' practice in diseases of a private nature—fifteen of which have been in this city—I unhesitatingly declare that Mercury will not cure Venereal, but dries it on the surface, to allow it to poison the blood, to re-appear in hideous marks upon the body, and in the throat, mouth and nose: Those who have had any form of Venereal, and were treated with Mercury were not cured, but they still have the testering virus lingering in the system and feeding upon the delicate tissues to be communicated to the wife or transmitted to the children. As terribleas it is in the person who contracts it, it becomes of still greater importance when transmitted to innocent of still greater importance when transmitted to impopent offspring, whose sore heads, cankered mouths, diseased limbs, running eyes and blotched skin are the constant repreaches to the sins of the parent. IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the inquiry should be Where is there a physician who is fully competent to administer relief, and whose respectable standing in society Will recomend him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and lesigning. Therefore, families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathise with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed—consultation by letter, or otherwise free. The celebrated female remedies compounded from the private prescription of Dr. YOUNG, have now obtained a most extensive popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. To Corespondents: Persons in the interior are often deterred from consulting the Doctor because they cannot spare the time or incur the expense of a visit to the city. To such he would say, that a plain statement of the symptoms and information bearing upon the complaint will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen only by the Doctor, and will be treated with the utmost confidence, and either be returned or destroyed.

The difference bet seen their manufacture and the European, is briefly this: European watches are made almost entirely by hand, and the result is of necessity a lack of uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Ancres. Lepines and so called Patent Levers—which soon cost more in attempted repairs than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, pol ish and put them together, and take them to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered. name or brand that may be ordered

But the great distinguishing feature of their Watches, is the fact that their several parts are made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style, and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it.
